# Longford Intermediate, Gore

Having over 23 years experience driving milk tankers all around the South Otago Region I was very impressed with the positive, respectful attitude shown by all the students to not only Mr Mac, but also towards myself.

It was great to share past experiences on a more one to one basis with the students that showed very keen interest in the industries as future career options, from Mr Mac's Doug the Digger presentation and safety induction talk through to a safety demo with hands on experiences involving Mr Mac's truck and digger.

The potential and opportunities that were offered together with how well Mr Mac and Doug the Digger were received and accepted was fantastic.

Keep up the great work Mr Mac and all the best for the students working hard to come into the industries.

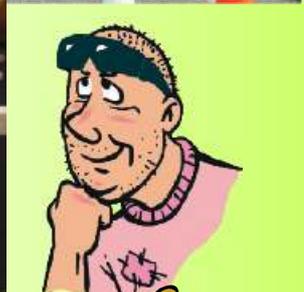

Kind regards

"Sparky"

Thanks "Sparky" for your support and kind words ...
